## Dedication

Micheal O'Hearn, Martin O'Connor, John Barr, Katye Mordell,  
Bridgette Lepinsky, Susan Anctil, ...dead.

Not really.

For those of us that shared any time with them, they will continue to live for us, in our own very special place reserved for them in our memories. Although they left us on that highway, just outside of Hemmingford, Quebec, we have something left, memories that cannot be erased, except perhaps by time itself.

All too often, without frequent reminding telephone calls, letters or personal appearances, friends gradually fade from our immediate thoughts, and take a place in the cellar of our minds, only to be recalled on rainy Saturday afternoons.

In order that this should not happen to the memories of our friends, who were forced to leave us, the Yearbook staff wish to honour these men and women by the dedication of the 1974-75 Yearbook to them posthumously.

Praying that God saw fit that they should pass from this earth quickly and without pain, we remain:

Sincerely yours,  
The Yearbook Staff.

Micheal O'Hearn (September 22, 74)

Micheal, Katye, John, Martin, Bridgette, and Susan; friends enjoying dinner.

...can we understand it (death) less in the lives of these four young Loyola people and their two young friends. Everyone speaks of their intense involvement with life. Micheal and Martin displayed this publicly in their treatment of the News. John showed this intensity with the enthusiasm for his new life- in his studies, friends and also in the News office... (a mecca for people with this zest for life). Katye perhaps in a quieter way glowed with this inner security with the goodness of life and was always gently and joyfully sharing it with others. With all of them, it seemed that this overwhelming sense of the greatness of life filled them too, with a great sensitivity and gentleness, that as Micheal said so beautifully "Like Stars - they're always great up there, even when overcast".

Why do young people die? Maybe we should ask why they live? Maybe like Christ who lived such a wholly human existence and yet - insisted that He must go, in order that we might catch the wind of his spirit. Yet many of us as we pass our prime, we start measuring out life - How much do I have left? or we put a lid on it like preserves - and almost forget about living. Maybe that is why they die. We can't stand so much life - or maybe - to show us in our shadows that our lights still shine too.

St. Ireneus says: "The glory of God is man fully alive". Maybe that's why they were called to this gift of intense life.... to see ourselves anew. That we are all one... that the bell tolls for me and you and I must get on with living full - through.. these deaths.. then we might reach through to our centers. Maybe touch that vital core and spark it to new life in

us. Regenerate our own personal mystery for just as Christ says "I have come that you might have life and have it more abundantly - but to do so, we must be ready to die- that is ready to open ourselves to wonder and the fulness of life - their deaths because it was a life lived resurrectionally. We cannot only look forward to their resurrection in Christ - but maybe live as they did - as resurrected men and women today i.e. ready to heal, to die a little with them, but always to see the light, to live again in a new way.

This doesn't soften greatly our sorrow or anger - even Christ realized this after his question, Do you believe? He wept with his friends. Let us try to elicit in our hearts "thanks to God" for that precious gift that these young people were to all of us, a gift that we only realized how precious it was, now that they are gone. Let us accept the gift they leave, reach out like them to the center of our lives and say Yes to it. So that we might be carried by its power to affirm life, to say no, to non-life, to non-freedom, that is sin and death. That's their gift, it's still ours to live. ... Eulogy, Rev. R. Nagy Nov. 28, 1974.

Requiem Mass held November 28, 1974. Father Nagy officiating.

### There Are Some Men

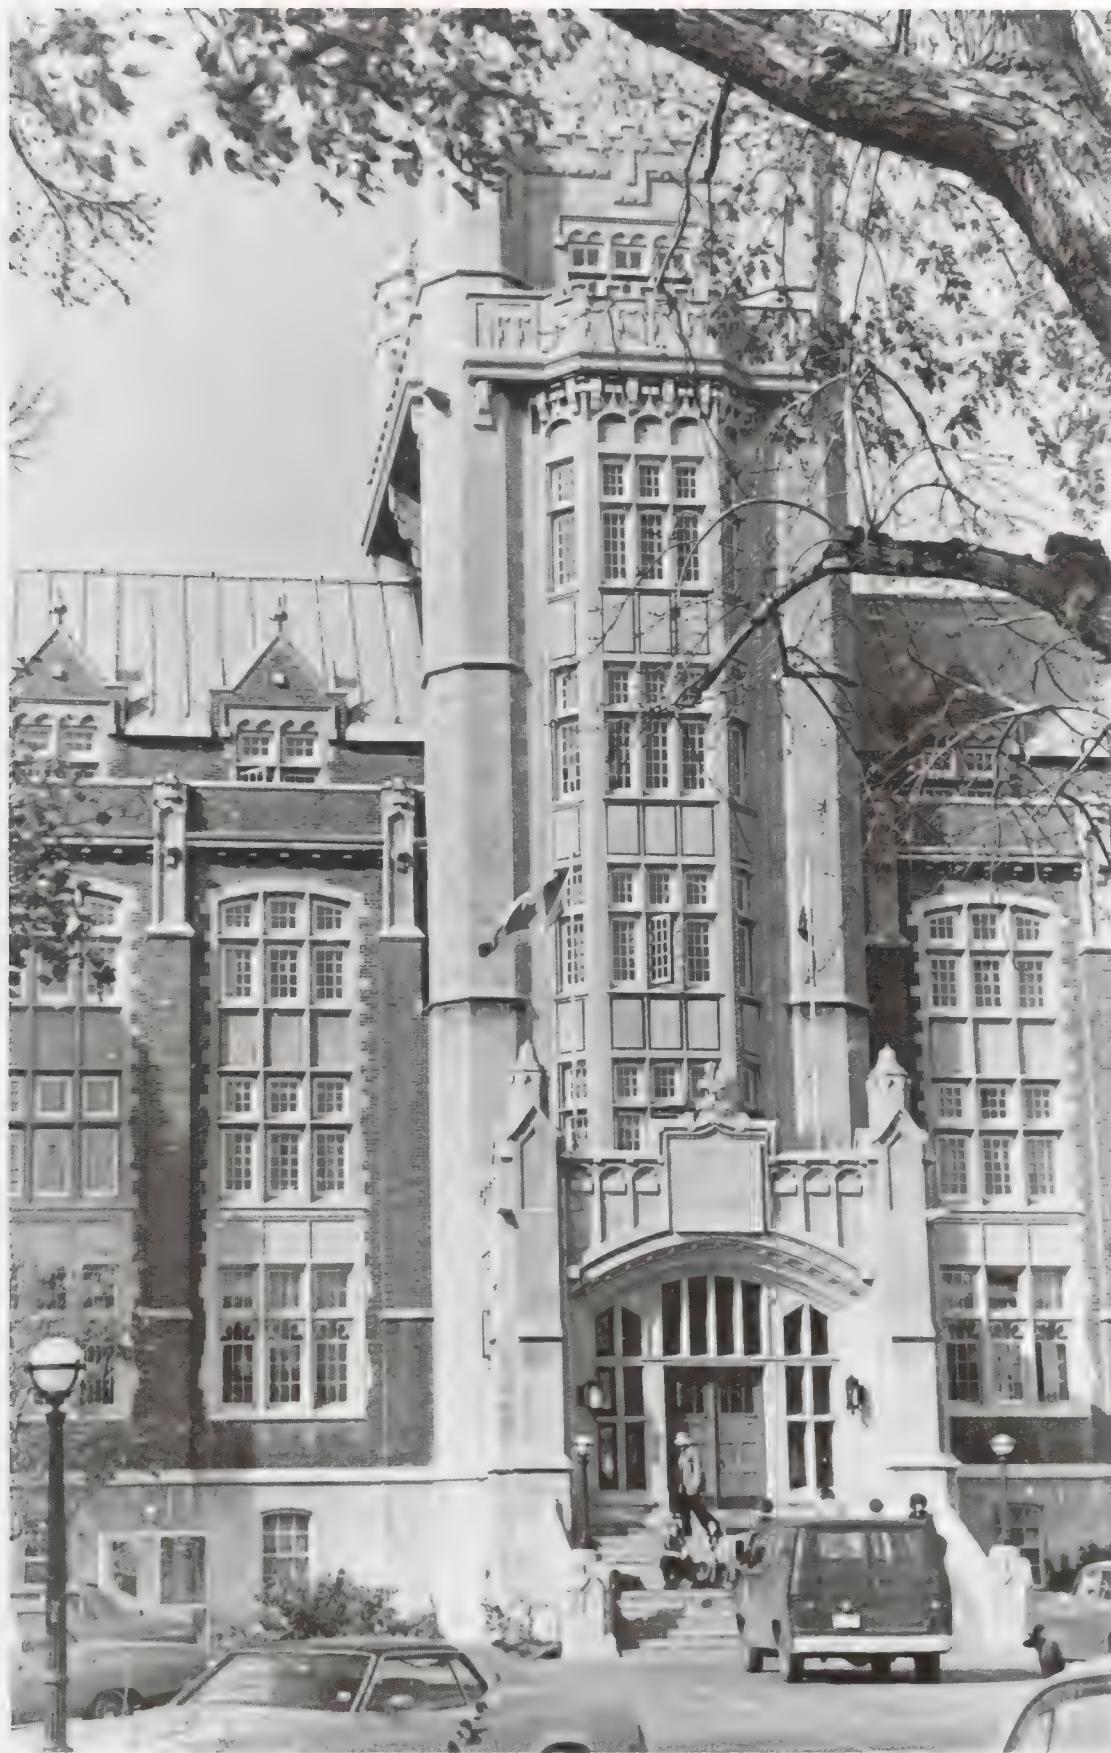

There are some men  
who should have mountains  
to bear their names to time.

Grave-markers are not high enough  
or green,  
and sons go far away  
to lose the fist  
their father's hand will always seem.

I had a friend:  
he lived and died in mighty silence  
and with dignity,  
he left no book, son, or lover to mourn.

Nor is this a mourning-song  
but only a naming of this mountain  
on which I walk,  
fragrant, dark, and softly white  
under the pale mist  
I name this mountain after him.

LOYOLA  
SCENES

The memories of college years will not only be filled with the faces of friends, the goods times and the bad, but also the places where all this happened. The campus of Loyola plays an integral and vital role in the uniqueness of the college.

Loyola's structural/physical development is an interesting one. Did you know that the present site was once a melon-patch? Have you wondered why the Administration Building has its particular architectural style?

Here's a brief run-down on Loyola's physical history taken from T.P. Slattery's *LOYOLA AND MONTREAL*.

In 1900 the Decary Farm consisting of 50 acres was purchased by the Corporation of Loyola College. This particular site, it was said, produced the best muskmelons in North America.

The cost: \$25,297.10.

The move west from Deumont Street (the site of the original school did not actually take place until 1916.

"In 1913 the architects Peden and McLaren, with Walter J. Murray as an associate, were engaged, and a plan to develop the fifty acres of farmland was presented: that part of the land on the south side of Sherbrooke Street was to be left as an orchard for the college to cultivate, and on the other half north of Sherbrooke Street, several handsome buildings were to rise.

After a careful study of other institutions, a basic proposal was made: to discard the traditional plan of 'one large building with its dark and cheerless rooms, and to follow the modern English tendency towards separate buildings for each department'....

The new buildings were conceived on the lines of a free adaption of the Tudor and Early Renaissance type of English Collegiate Gothic. "...with gargoyle

around the parapet, tracery and heraldic shields, the Tower was designed to have four octagonals with a large oval window in the center, and the main doorway to the Administration Building was inspired by that of St. Mary's at Oxford.

The taste of Father Thomas MacMahon, the rector, and his desire for beautiful things were manifest on all sides. For example, the magnificent solid oak doors of linen fold design leading to the chapel, offices and parlors on the main floor of the Administration Building, although luxurious for those difficult days, are now valued as prized possessions."

Loyola's development has made it necessary to adapt buildings to functions for which they were not originally designed. Part of the Administration Building, for example, was once the Jesuit's residence and the Refectory their dining room. The Central Building was at one time the only classroom area. Today it could not even accommodate an ordinary elementary school population.

Vestiges of the old can still be found in many classrooms, such as those in the Tower of the Administration Building.

Over the last ten to fifteen years Loyola has acquired new structures that reflect the new dynamic trends.

....the Athletic Complex....now housed in this building

The gym was once housed in the basement of the Central Building and the rink in what is now the Physical Services Building.

....the Georges P. Vanier Library.....

Many long, agonizing hours have been spent here. Memories linger here also. Do you remember the drumming of the rain on the sky light in the center of the Library? Do you remember that tremendous feeling of relief as the last page of that last termpaper was finished and a little of the sadness also? Do you remember those strolls around the library hoping to find someone to talk to so that you would have a legitimate excuse for taking a break?

...David casts a watchful eye over the Library.

...the relatively unknown greenhouse in the Drummond Science Building.

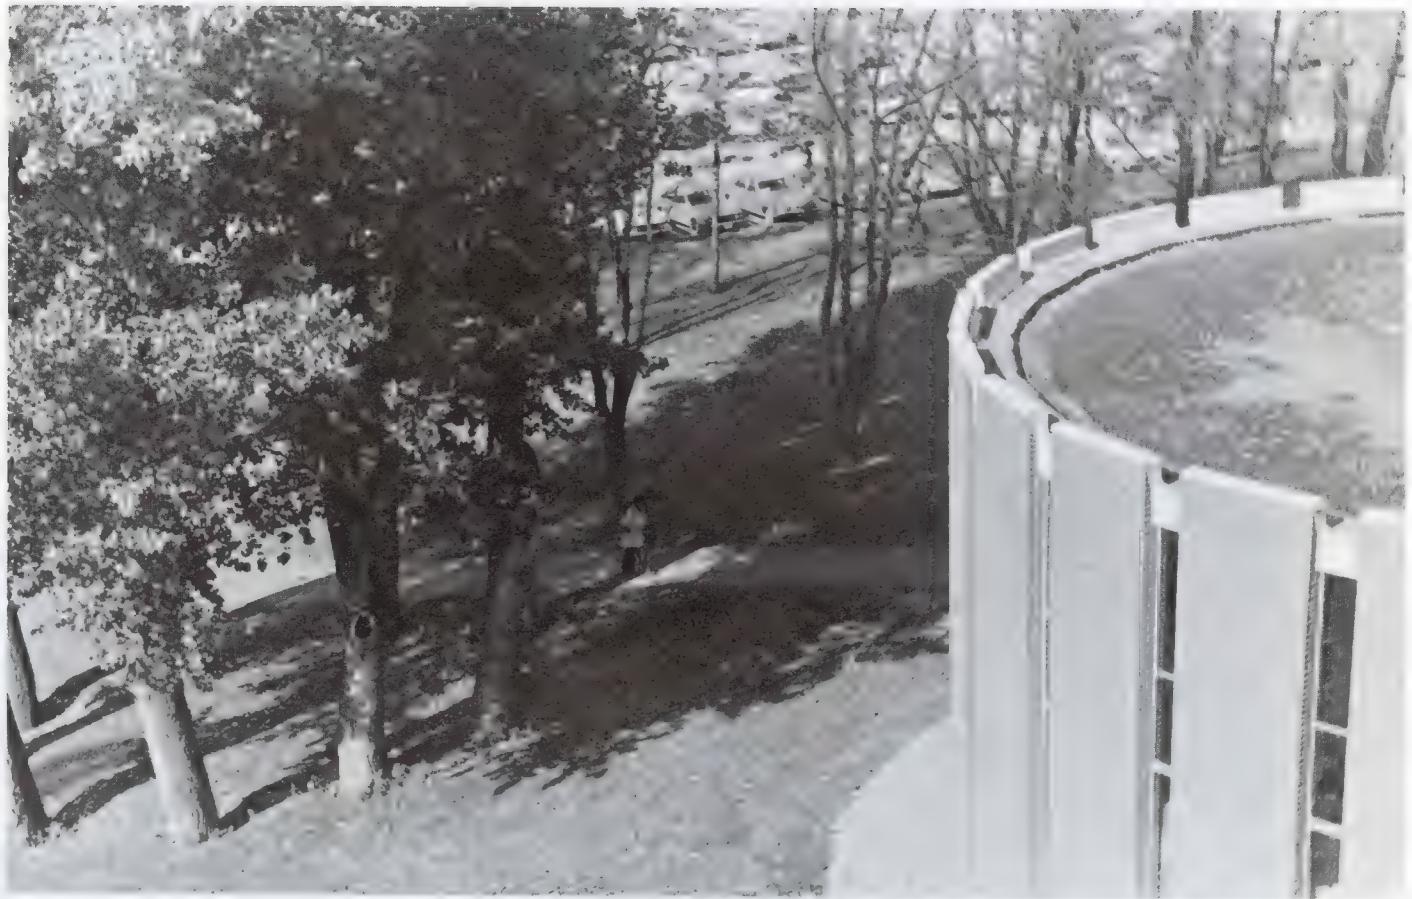

...Glass plus concrete plus modern design equals the Bryan Building.

The myriad footpaths and open areas dotting the campus seem to confirm the tendency toward a relaxed milieu conducive to learning.

When you remember Loyola you probably won't remember all the abstract and perhaps fleeting thoughts you entertained, but will we hope to remember the people and the places that were important to you.

People are mobile but places are not. These buildings will remain here as a very tangible part of your past and a foundation on which to build your future.

THE PICTURE

TELLS THE STORY

Dr. Ed Enos  
Chairman of Phys. Ed. Dept.

During the 1974/1975 school year, Loyola Campus teams completely dominated the Quebec University Athletic Association, winning four league championships. At another university there would be ceremonies commemorating this rare feat but not at Loyola. Winning championships during the last ten years has become a regular instead of a special event. Here are some of the highlights:

**Basketball** - The Warriors have won seven league titles and represented Quebec in five National Championships. Loyola holds one of the longest winning streaks in inter-collegiate competition in Canada with a record of 66 consecutive wins in league play achieved during the late sixties.

**Football** - The Warriors have consistently fielded winning teams on the gridiron, including league titles in 1968 and 1972, as well as, a trip to the Prairies in 1972.

**Hockey** - The Warriors have won six league titles, several major tournaments and sent 14 players to the ranks of professional hockey.

**Soccer** - Nowhere is Loyola's supremacy in inter-collegiate sport more evident than in soccer. The warriors have captured eight consecutive league titles and are currently working on an unprecedented string of 60 consecutive games in league play without loss. In 1973 they achieved the ultimate in college sport when they walked with the Canadian Inter-collegiate Soccer Championship.

**Men's Intermurals** - From a weak two sport program to a national showcase of over 40 activities in less than ten years.

**Women's athletics** - From no program to National Championship contenders in a decade.

**Academics** - From no program in 1965 to several major and minor courses of study in 1975 with the B. Sc. major in Bio-Physical Education being cited nationally for its excellence and innovative nature...with an Institute of Comparative Physical Education offering teachers and students with advanced academic status, the opportunity of courses, study and exchange of ideas with colleagues around the world. The work of the Institute has been acclaimed internationally and has brought official recognition in the area of physical education to Loyola Campus of Concordia University from all over the world.

Where and when did this all start? When one traces the development of this decade of unparalleled progress

to its beginning, the name of the present Chairman of the Department of Physical Education, Dr. Ed Enos emerges as a major factor. A decade ago with idealism and acumen he set out with a building plan and philosophy. A philosophy which integrated and organized in one department the academic dimensions of physical education with the student services aspect of athletics.

The scope of the phys. ed. program was designed to appeal to/and answer the needs of every student on campus, not just the highly skilled varsity athlete. Efficiently organized within one department there is a B. Sc. Degree Program in Bio-Physical Education, B.A. Recreation courses, Outdoor Education Courses, Men's and Women's Inter-collegiate and Intermural athletics, Co-Ed Sports Clubs, non-credit instructional classes for beginners and a Fitness and Research unit.

To conduct this diversified and complete program, Dr. Enos recruited Doug Daigneault, Co-ordinator of Men's Inter-collegiate Athletics, who has been his number one assistant for nine years; Pat Boland, Co-ordinator of Women's Athletics; Paul Arsenault, Hockey Coach and Lecturer; Annete Maggs; Russ Blackwell; Art Noseworthy; Dr. Wm. Sellers; Dr. Randy Swedburg; Professor Alex Wright; Colette O'Neill and other top people. Collectively the staff has been referred to as "one of the finest in North America".

The student - athletes which the staff and the program have attracted to Loyola, Dr. Enos feels, can be best described by one word, "dedicated". Students from the super star class like Larry Carriere, now of the Buffalo Sabres, to a blind Paul Gabias lifting barbells have been influenced by the Department's philosophy of emphasizing the realization of one's total potential...the mind and the body, totally perceived as one composite, organic unit, with spiritual, mental, moral, emotional, physical development being corelatives and complementaries, not contradictions and contradicories. A valid university education being a universal panorama embracing the spirit, mind and body ... where perfecting of the body mushrooms and adds to the enhancement of the mind even in the realm of the theoretical wisdom. The ultimate win is the actualization of one's possibilities to the fullest, for self and the others. It is hoped that these philosophical percepts have and will continue to have, throughout life, a beneficial effect on all 1975 graduates.

## WARRIORS

This years addition of the Loyola Warriors gave every indication of a team with the nucleus to win in the tough Eastern Ontario section.

After a fine pre-season the Warriors took on defending QUAA and National finalist McGill University. With eight minutes remaining in the contest, the Warriors were leading by two touchdowns only to blow the lead and lose. This loss could well have cost the local maroon and white a playoff berth.

The next Saturday Loyola played Bishop's in a driving rain and lost a tight ball game. What a way to start a season, no wins and two losses. With feelings and morale badly tarnished the Warriors set out to show everyone they had the will and desire that makes Loyola one of the finest in Canada.

The first game was an inter-conference contest with Loyola and Guelph the opponents. The game was never in doubt. This game was Loyola's finest of the season.

The next Saturday the Warriors played McGill and

demolished the Redmen in their own station. Bishop's came to town undefeated but went home to the tune of 48 to 12. The Warriors were flying.

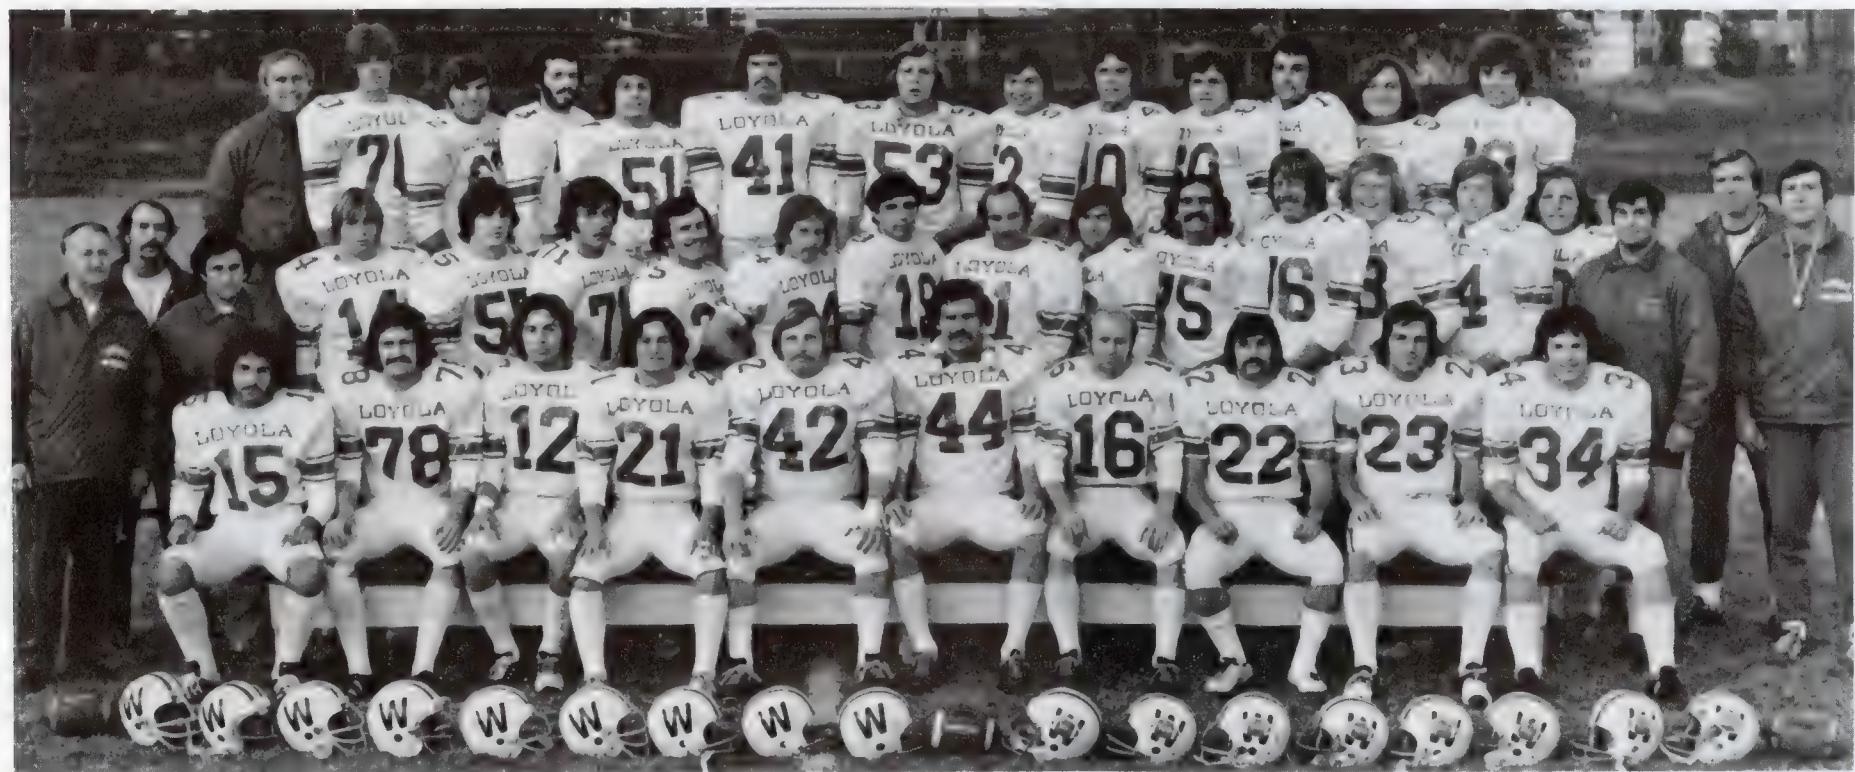

Just when the season seemed to be turned around the Carleton team from Ottawa came to play the ever confident Loyola squad. The Warriors were never in the contest.

The whole season rode on the final game with the nationally ranked Wilfrid Laurier University squad. This was probably the hardest hitting game of the season with every member of the Warrior team giving it their all. Laurier took the lead in the last quarter and the season was over.

A lack of consistency hurt badly but next year appears to be one of great promise. Art Neiderbuhl, Bob Scott, and Wade Clare were All-Stars and they along with Neil Greely, Mike Lapensee and Kevin Levya will be sorely missed next year.

### A GREAT YEAR FOR A GREAT TEAM

This year will go down in the records as a great season for Warrior hockey. The team finished with the Quebec title a 16-2-2 league record and a clean sweep of McGill and Sir George in playoff action.

Along the way to an overall 32-9-3 record "The 32 wins is an all time Loyola record" the Warriors captured the two biggest college Invitational Tournaments, the Moncton tourney and the Laurentian Invitational. They defeated all of the other top ranked teams in Canada, winning the O'Keefe trophy for victory over Toronto and finished the season as the No. 2 ranked team in the country, prevented from a Canadian title only by the outstanding play of the No. 1 ranked Alberta Golden Bears.

This was Jim Corsi's year, MVP and All-Star goaltender of Laurentian and Quebec as well as Loyola's Athlete of the Year. Dave Wilson vaulted from the ranks of Junior Varsity to score 42 goals and become an All-

Canadian. Don Morris switched from wing to defense and became everyone's All-Star. Mike Culleton became captain and a great team leader also made All-Star at Laurentian and in the Quebec Conference. Randy Mohns led Warrior scoring for the second consecutive year. Rick Moore and Mark Shewchuk joined the Warrior ranks from Sir George and helped complete a clean sweep over the Georgians for the season.

Coach Paul Arseneault completed his 200th victory as a college coach "a 4-3 win over Sir George". John Harris was voted All-Star and Most Inspirational Player. Clement Jodoin was Most Sportsmanlike, Steve "Roadrunner" Benoit was voted Loyola's Outstanding Sportsman and Kelly Laverty was Manager of the Year. Valley boys, Mike Haramis, Doug Grills, Doug Lynch, Don Morris and Mike Culleton finished outstanding college careers along with Clement Jodoin, Steve Benoit and Kelly Laverty.

# WARRIOR SOCCER 1974-75

This year's squad of soccer Warriors will be seeking to regain the title they lost to British Columbia in the National finals held last November at Loyola. Playing before a capacity crowd the Warriors fielded what was perhaps their downfall, as the Warriors bowed 2-1 to the U.B.C. Thunderbirds.

Last year the Warriors had a fairly easy time in taking the Q.U.A.A. title, with only perennial rivals Sir George Williams providing any sort of competition. However, when the Warriors take to the field in September they will find new foes in the boots of McGill University. After an absence of five years McGill will again compete in a sport they once considered too expensive.

"I think it will be good if McGill competes", said Warrior mentor Harry Hus. "At least it will help prepare

the Q.U.A.A. representatives, whoever they are - for the Nationals.

Loyola must find successors for several key players as captain Duncan MacFarlane, M.V.P. Tony Madiou, Len Okedahl and Robert Duval will be lost through graduation. Warrior stalwarts returning to the line-up include fullbacks Mike Reynolds, Neil MacFarlane, Richard Knopp and Les Kiraly; mid-fielders Brad DeSuza, Trevor Murray and last Year's M.I.P., George Srets; forwards Stanley Darville, Jim Carsi, Mark Sosnowski, and goalkeeper Wally Smith.

The nucleus for a good team is there and if coach Hus can find the bodies to mold a close-knit team Loyola could find itself in an enviable position once again.

For the first time in eight years the Loyola Warriors basketball squad began the season as underdogs. The cagers had one goal in mind - to regain the Q.U.A.A. championships.

The team began strongly with a great tournament victory in Ottawa. The most valuable player of the tourney was Loyola's outstanding guard, John Erglis. The play of Bob Brix, Ron Puskarich, John Dore and Dave Kurtz was outstanding and gave the coaching staff the feeling that this Warrior team was a winner.

Things changed in a hurry. Playing in the Laurier Tournament against the eventual National Champion Waterloo Warriors, the cagers were completely out-classed. Puskarich and Brix were injured and the team that started so strongly was in a tailspin.

Conference wins against McGill, Bishop's and Ottawa's Carleton University and a crucial loss to Sir George closed out the first half of the season.

The first half of the season showed that the Warriors had a fine nucleus with injuries to Puskarich and Brix

hurting the team's performance in the big games. John Kalinkewicz, Gary Miller and John Dore and also Doug Merlin were playing encouraging ball. Erglis showed that he was fast becoming the best guard in Canada. The team needed more discipline on offense and also needed a stronger defense to regain the title.

The second half of the season began against highly rated Wheeling of West Virginia. The Warriors played a fine game but were overtaken in the final minutes. This game was important in that it proved to the team that it could match the best stride for stride.

Three conference wins set the stage for the battle between cross-town rivals, Sir George Williams University. The Warriors were sky-high and ran the Georgians off the court. Erglis played super basketball with Kurtz and Merlin dominating the boards. Brix and Dore did the scoring. The warriors had arrived.

The team was playing like champs, and after six consecutive wins were ranked number five in the nation.

The next outing was against number two ranked St. Mary's University and resulted in an upset victory for Loyola over the defending national champions.

The team continued to play highly competitively and were prepared for the final test of the year.

In spite of two heartbreakers to the Georgians and the injury to Kurtz, the Warriors dominated the Georgians in the championship finale.

The Warriors were in the Nationals for the fourth time in six years. The first round opponent of the Loyola team was powerful Acadia University. It was a well-played game with every member of team giving his all. The game was close but Loyola faded in the final minutes.

So the team that started out so well had met their match and the long season was over. The team showed the poise and character that is the tradition of great Loyola teams. John Erglis - 2nd team All-Canadian QUAA all-stars

- John Erglis
- Ron Puskarich

Keep the rules.

Keep faith with your comrades.

Keep your temper.

Keep yourself fit.

Keep a stout heart in defeat.

Keep your pride under in victory.

Keep a sound soul, a clean mind and a healthy body.

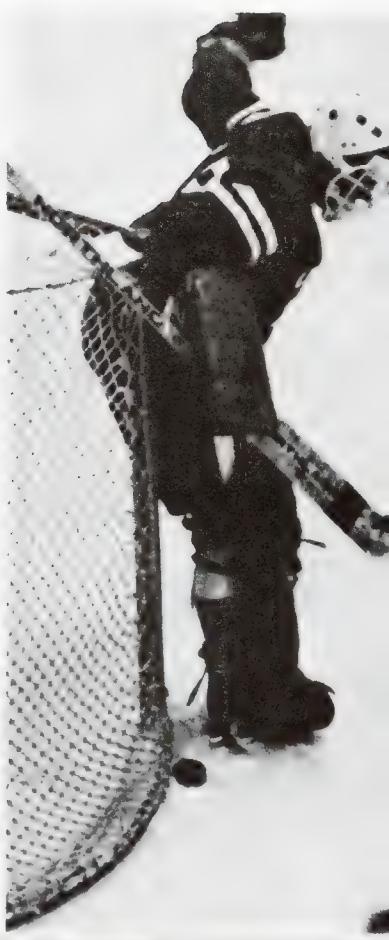

Play the Game.

In a world that has no common religious or political philosophy to share, perhaps the field of sport and the universality of the ideal of sportsmanship may provide a meeting ground where cooperation and understanding, a respect for the rules and a sense of fair play will prevail.

Congratulations goes to Claudette Agar who won the Rookie of the Year award, to Judy Wong for the Most Valuable Player and to Jane Jewette for the Most Improved Player Award. We wish to thank these girls and the rest of the team for their tireless contribution and hope that they will be successful in any endeavour that they may undertake.

## GRADUATION

Often as Graduation Day approaches a lot of silent controversy engulfs the student. Is all this pomp and circumstance necessary? Is the actual ceremony really meaningful? Potential grads ask each other "Are you going to the exercises?" Philosophizing of the pros and cons goes on and on.

If you attended your graduation you know that it was well worthwhile. If you didn't attend perhaps we can briefly recapture a few of the moments and pass them on to you.

The Graduations Exercises took place on a cool but sunny Sunday afternoon. The weather had been risky for a couple of weeks so it was decided to hold the exercises indoors. The rink held a capacity crowd of parents, friends and relatives. Excitement mounted (it really did!) as the grads prepared to enter the rink to the strains of "Pomp and Circumstance". As they entered parents and friends hooted and flash bulbs popped in rapid succession. Graduates searched the crowd as they marched in for familiar faces, wearing some of the widest grins they ever had grinned (they also wore the appropriate gowns I hasten to add). Even the hardest core anti-graduation exercise proponents had by this time weakened. It seems that there is something to all this tradition business after all.

The highlight for each family was when their very own "college-educated" offspring mounted the platform to receive his/ her diploma. As one after another of the graduating class stepped down from the stage there was always at least a scattering of applause.

Oh, yes it was worth attending the exercises. Here was both the apex and the denouement of the college career, symbolic and yet very, very fulfilling. More important, to many, long delayed gratification had been rewarded.

Robert Baldoni, Arts

I have no complaints as such. I have enjoyed my three years at Loyola.

Helene Bardos, Arts

Part-time worker, little time for social activities; Human Encounters; Skiing. The intimate and informal atmosphere has provided me with the possibility of learning in a relaxed atmosphere. It has permitted me to make friends and develop at ease. Glad it's all over!

Christopher John Barry, Arts, Honours History

Lacolle Center, Peer Counselling Loyola's virtues far outweigh its faults.

Paul Maurice Beaudry, Arts, Political Science

TKE Fraternity, LSA Board of Directors, Chairman Political Science Students Association 1973 - 74; Co-Chairman Carnival 1974; Academic Priority Member. A good thing always has to end. My five years at Loyola have been rewarding. Even this institution has to come to an end. As my departure from Loyola is the beginning of a new life for me, let us hope that it will be so for Loyola within Concordia.

Marlene Beattie, Arts

Activities: Trying to find a seat in the Campus Center at lunchtime and the Library after lunch; Badminton; founding member of the C.A.C. (remember that, girls?) I only came to Loyola because I heard that tennis courts were going to be built - they never were and I never got around to leaving. A few words to the following: My fellow psychology grads, "Come on guys, at least one of us has to get a Ph.D." To: Dr. "Well-I-should-say" Maheaux Sir, you conditioned me so well, that by the end of Research Methods 11, I was writing letters to bewildered friends in A.P.A. style. To: My future children, reading this yearbook and no doubt giggling - GO INTO BUSINESS ADMINISTRATION! Luck to everyone.

Adriano Bertoloni, Arts

Activities: Guadagni Lounge. Views on Loyla: Great!

Margaret C. Blaszkiewicz, Arts

Musical Theatre (now extinct), Karate, Modern Dance. Love Loyola. Through a matter of necessity, sorry to see it become a part of Concordia- spells the end of an era. Worked, studied and virtually lived there for six years- sorry, yet glad to be finishing as a full-time student.

Joanne Emilie Isabelle Brady, Arts, History.

Thomas Brady, Arts

History Students Association Executive 1973-74; 1974-75: Editor of History Students Association Journal.

Donald L. Boisvert, Arts, Interdisciplinary Studies

LSA Co-President '73-'74; Loyola Faculty Council; Lacolle Council, IDS Advisory, Council, French Learning Center, Loyola Youth Hostel (Director). My Loyola years have been a mixture of genuine involvement and intellectual growth.

Ginette Bonnier, Arts

Activities: Volleyball, badminton.

Bill Boudreau, Arts

Activities: Learning how to earn a living in the lounge. A six year vacation is enough for anyone and now I'm ready to contemplate all my job offers. Now that I've done that, does Loyola give a post graduate course in poker?

Salvatore Bruzzese, Arts

I have enjoyed my last five years at Loyola. It was a rewarding and enriching experience.

Reina Boyce, Arts, Communication Arts

Activities: Post- BA Cinema. A new academic experience!

Suzanne Burdyl, Arts

Loyola Musical Theatre '71-'72; Yoga '73-'74. We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.

**Ellen Busby, Arts, Fine Arts-Drama**  
Lacrosse; theatre; student technical assistant for Computer Center, F. C. Smith Auditorium and Chameleon Theatre; Executive member of Fine Arts Students' Association. Lots of green space, small classes, lovely old buildings-terrific - good atmosphere for learning and room for relaxation.

**Evangeline Caldwell, Arts, Psychology**  
Hockey, Bridge, Swimming, Reading, Skiing.

**Maria Caporicci, Arts, Psychology**  
Activities: Make-up for Modern Languages Department plays.

**Marilyn Carroll, Arts**  
Activities: Piano and skiing lessons, part-time work at Dominion. I have mixed feelings about leaving Loyola. I will miss the professors (especially in the History Department), the students and just meeting new people and new relationships. One thing I have learned from my five years at Loyola is that I've still got a lot to learn. Just as I have changed in the past five years, so has Loyola and both are a change for the better, I'm sure.

**Andre Cartier, Arts, Political Science**  
Member of Tau Kappa Epsilon Fraternity; Treasurer Political Science Students Association. Loyola is changing from a Jesuit college to a part of Concordia.

**Gloria Jeanne Cervinek, Arts, English**  
Like a bird on the wire--  
I have tried in my way to be free.

**Diane P. Clasper, Arts**  
The merger between Loyola and Sir George was a very important issue, for it meant the saving of Loyola College. However, the name chosen to signify the union of the two educational institutions is something that never should have been chosen. It does not reflect the histories of both universities.

**Michael Cleary, Arts**  
Activities: Wine, women and song; Hockey and football. We have a good school here. I think it has the potential of getting better because of the merger (if we don't get taken first). Too bad the Campus Center wasn't built sooner.

**Chris Cleaver, Arts, Communication Arts**

**Clare Clement, Arts**  
I will always remember Loyola fondly. It has been a place where I have had good times and bad. (The bad were usually deadlines for essays, pressures of exams, having too much to do in a ridiculously short time). The past five years have been an experience I would not have missed. I'll always be glad I chose Loyola as "my" university. Its been fun.

**Teresa Czyzyk, Arts, Honours Mathematics**  
Activities: Tennis; photography; folk-dancing.

**Leslie Dandridge, Arts, Communication Arts** Communication Arts Guild '74-'75, Comm. Arts Open House '74, Scanning Project, Comm. Arts Departmental Committee '74-'75.

**Raymond W. Daoust, Arts, English**  
The warmth and smallness of Loyola have made my years here especially rewarding. I regret leaving such an appealing atmosphere for learning.

**Jane Dick, Arts, Communication Arts (post B.A.)**

**Silvi Dodman, Arts, Psychology**

**Myra Dodick, Arts**  
Activities: Modern Dance '71-'72; Intramural sports '71-'72.

**Teresa Doré, Arts**  
Activities: Intramural hockey, Varsity tennis.

**Simeon Louis Doucette, Arts, Economics**  
Showshoeing, driving, reading, guitar, listening to music, meeting people. It's a small school allowing for maximum interpersonal, professor - student relationships. Most classroom settings are of the beneficial seminar type, inspite of this Loyola has disadvantages as well. Its small size quite often allows for "cliques" to form, sometimes barring the newcomer from participation. In sum, I feel, the academic advantages of Loyola far outweigh the small disadvantages.

**Lucy Dziekan, Arts, English**

**Eugenia Everett, Arts**  
Activities: Modern dance '71-'72; Intramural ice hockey '71-'73; Figure skating '72-'73.

**Ilbere Ferrato, Arts, Psychology**  
My years at Loyola are a stepping stone to something else, to what, time will tell. To see Loyola or anything else as an event in and of itself, as a finality, is nothing short of stagnation. A friend of mine says it all for me when she writes in as few words as possible, "It has been an experience".

**John Field, Arts**  
The years that I have spent at Loyola have been, despite certain limitations (notably the facilities for study and research) of considerable value; academically, in providing a thorough and varied foundation in my chosen discipline, and personally, in contributing to the solution of the difficult questions of interests and ambitions in choosing a career.

**Joan Fisher, Arts, Psychology**

**Richard J. Fiutowski, Arts, Honours Political Science**  
Political Science Contractual Committee '74-'75. Vice-President  
Political Science Students' Association '74-'75; Student Court '74-'75.

**Judy Lynne Fletcher, Arts**  
Skiing, Travelling, Art Work, (painting, sculpture). As a former graduate of Macdonald College, this was my first and only year as a full-time student on Loyola Campus. It has been a year of fun and hard work, but certainly worth the effort. To my fellow graduates, good luck and lots of success in the years to come.

**Frank Flood, Arts,**  
Activities: Intramural Sports. It is better to have loafed and lost than to never have loafed at all.

**Robert J. Freeburn, Jr., Arts,**  
Loyola Campus Liturgical Chapa Lector; Residence soccer and softball; Prayer group; Philosophy Students' Association; Parish Youth Group; Broomball; Departmental Council. The merging of Loyola and Sir George is a good idea except that Loyola is getting the short end of the stick. Hingston Hall Residence was a great experience for me because I met some great friends. The parties were great. I have found that on campus the students are apathetic.

**Richard Gagnon, Arts, Communication Arts**  
Activities: Studying to get more courses, as quickly as possible. Looking for a job. Trying to create my non job. Taking care of my extraordinary wife, Louise, who supported me from the beginning of the adventure. I want to thank my father and mother who have financed my comeback to studies; and thanks to the teachers and personnel of Loyola for the understanding and help they have always shown me. Happiness is in the small things.

**Mike Gallagher, Arts, Honours History, Major Political Science**  
History Students' Association. What Loyola may lack in academic stature, we make up in friendliness and community. The relaxed atmosphere shows that Loyola has achieved full status as a SCHOOL - it isn't just another institution like other known "factories" of education.

**Paul Gabias, Arts,**  
May the knowledge I have acquired at Loyola bear fruit to mankind.

**Howard Gasoi, Arts, Communication Arts**  
The administration should fire the entire present teaching staff (with a few exceptions) and bring in some real teachers. While they're at it, they might as well replace the entire administration, but they should only do these things if they want real education and this may not be what they necessarily want.

**Elizabeth M. Gibson, Arts, Psychology**  
Jazz Ballet, working with children in the St. Laurent Boys' and Girls' Club as a program worker. Loyola offers warmth, a small community, professors who care and the opportunity to get involved.

**Thomas J. Glatzmayer, Arts**  
Varsity football '70-'71; Sports Editor, Loyola News '71-'72. My Loyola experience has taught me that you can trust some of the people some of the time and none of the people all the time.

**Antoinette J. Greco, Arts**  
Activities: Waiting - Acting - Travelling. "And thus we lay side by side, child unto child, near and apart, immobile and far-reaching.

**Neal Patrick Greely, Arts, Sociology**  
Football 1971-1975.

**Ann Griffin, Arts, Psychology**  
Drama Club; Volunteer at Loyola Day Care Center '73-'74; Resident Assistant at Hingston Hall '72-'74; Active in organizing residence events.

**Agostinho Goncalves, Arts**  
Activities: Academic Girl Watcher.

**Nancy Harbottle, Arts, Psychology**  
I've met lots of good, warm people who have helped and encouraged me. So, look out world, here I come!!

**Judy Harper, Arts, Psychology**  
Activities: Thé-Arts

**Kenneth J. Hayden, Arts**  
Loyola Judo Team '71-'74; Loyola Skydiving Club '72; Broomball (Hardcores) '74-'75. My last year at Loyola has been quite profitable. I must have doubled the number of friends that I've made as a result of working at the Campus Center. One thing a person must comprehend here in order to get anywhere is "He who laughs - lasts". All in all, I've enjoyed Loyola.

**Bruce Hill, Arts**  
Intramural hockey and football; Volunteer work at Loyola Nursery school. My belief regarding a university education is that the experience is worth more than the "skin". No matter what I end up doing in life, my years at Loyola will not have been in vain.

**Kenneth Holland, Arts**  
Broomball '70-'75; Grape and Lettuce Boycott; La Montée Débats-Midi; Lacolle and the Carnivals. It has been a rewarding five years experience, which has greatly increased my knowledge of the world around me.

**Danielle Holzman, Arts**  
"Antigone" and "Listen to the Wind" (theatrical productions of the Drama Department). I liked the atmosphere at Loyola, the close relationships (for the most part) between students and teachers, the personalized feeling when talking to department chairmen. I liked the campus feeling itself.

Brandt Lenox Huhn, Arts, English

Activities: Thé-Arts production of "Applause".

Rodger Humphrey, Arts

Activities: President, History Students' Association '73-'74. Great school - hope it doesn't lose its identity in the merger.

Christina Indri, Arts

Part-time teacher at Loyola Day Nursery

Ingrid Iton, Arts, Arts History

Organized a craft boutique as a direct result of Fine Arts' incentive at Loyola. A valuable experience; will always be remembered.

Karen Jones, Arts, Communication Arts

Activities: "Media People". A nice microcosm.

Dagmar Kantzler, Arts, Communication Arts

Sports; Communication research; Comm. Arts Open House '74. Loyola is perhaps one of the few "institutions of higher learning" in which one does not feel completely lost, nameless; because of its smaller size the possibility of a face to face relationship between professors and students still exists.

Mary-Joe Keefer, Arts, Honours Theology

Activities: Modern Dance (three years); F.R.A. 1972

Peter Keller, Arts, Communication Arts

David Brian Kierans, Arts

Secretary, Political Science Students' Association; Departmental Council.

Rita Kokis, Arts

Sociology Students' Association

Peter Koshman, Arts

Broomball, Hockey. I'll miss the writing of all those phantom poets.

Diane Labadie, Arts, History

Activities: Attending classes (when you attend classes faithfully, there is little time left for anything else.) I have had some good times and some bad times, but all in all, it has been a memorable five years.

Rose Anne Lashchuk, Arts, Psychology

The years ahead at Loyola seemed long at the start, but before I knew it, it was all over and now here I am.

John Liddy, Arts

It is difficult to summarize Loyola. Let me just say - Loyola is Loyola and there is no place like it.

Sharon Lieberman, Arts, Sociology and Theology

Activities: Loyola News reporter '71-'73; L.E.S.A. Executive Council '72-'73; L.E.S.A. Communication Chairman '72-'73; Sociology Students' Association Executive Council; Student Representative and Member of Curriculum Committee '74-'75.

David Alexander Lindsay, Arts, Interdisciplinary Studies

Robert W. Lord, Arts, Honours Political Science

Dev Loyola Nazareth, Arts, Honours English

Activities: Yoga; Writing; Watching the Bugs Bunny Show. A small community, very cosy and very friendly.

Patricia Luck, Arts

Activities: Skiing.

Gordon James MacDougall, Arts

"I have loved the flight of the hawk and its infinite cry to the wild".

Laurette Mackey, Arts, Honours French

Student Representative-Commission des Etudes '72; Student Representative, Arts Faculty Curriculum Committee '72-'73; French Student Association '72-'75. "Veni, Vidi, Vici---Spero"

Owen James Mahoney, Arts, Honours English

Humanities Area, Curriculum Committee; Loyola News; Yearbook. "Equum in aquam potes lucere; sed membrum suum non potes tangere"

Bruce Mann, Arts, Philosophy

Creator, manager and general handyman of the Loyola Folk Workshop. Now I know what I'm not - - - an academic.

Adriana Marandola, Arts, Modern Languages

Secretary of Modern Languages and Linguistics Students' Association. I feel now that Loyola has merged with S.G.W.U., to form Concordia, studies should be furthered to allow students to go onto the post-graduate level.

Raffaele Marcogliese, Arts

Broomball '70-'72 and '74-'75; Intramural football '74-'75. "Time has scant regards for things which ignore it"

Gilda Martinello, Arts, History

I enjoyed my five years at Loyola because it is a small community. I met a lot of different people from different backgrounds and this was an education in itself.

Moira McCaffrey, Arts, Honours History

Classics Students' Association.

**Kenneth McCormick, Arts**

Member of the Political Science Student Association. After coming to Loyola for five years it becomes a very integral part of one's life. To Loyola, I say thank-you for all the good times. Just because you graduate, it doesn't mean that you know it all, we can all learn something everyday of our lives.

**John Patrick McCoy, Arts, Political Science**

English Departmental Committee '71-'72; Library Committee '73-'74; Student Court Member '73-'74; Editor of the Yearbook '74-'75. Thanks for the chance to receive a college education! I'm sorry that I attended college while apathy attacked and killed any efforts for student involvement. Luckily some students went to Health Services where they were inoculated against the disease. P.S. Some professors were also inoculated.

**Donald McGavock, Arts**

Statistician Varsity and Junior Varsity Hockey '72-'74.

**Kathy McGlynn, Arts, Modern Languages**

Thé-Arts Musical theatre Society; The Actors Company; the Spanish Department's production of "La Casa de Bernalda Alda". I enjoyed Loyola because of its friendly atmosphere and because of the interest the professors took in their students. One of the nicest things about Loyola is its beautiful campus. What I have appreciated most about Loyola is its personality. I believe that I have become a part of it and I know that it has become a part of me.

**Maureen McLellan, Arts, Fine Arts**

Modern Dance, Judo, Swim Team, Gym Club, Outing Club. The last five years at Loyola have proven most valuable but now I feel a need to move on. I will always reflect with mixed emotion upon the many hours spent hunting reference material in the library.

**Angelo Merola, Arts**

Political Science Students' Association. The five years I have spent at Loyola have been an invaluable experience. I owe a well-rounded and meaningful education to a modern university that was able to retain a friendly community atmosphere throughout the years.

**James Kevin Miller, Arts, German**

**Rocco Minotti, Arts**

Intramural sports, Hockey and Broomball.

**Connie Molino, Arts**

President, Modern Languages Student Association; Italian Theatre.

**Sandra Moran, Arts, English**

Every man is the architect of his own future.

**Donald M. Morris, Arts**

Junior Varsity Hockey '71-'72; Varsity Hockey '72-'75, Intramural Football '71-'75. "Bye Bye Blackbird!" (Seriously)

**Basil Mortley, Arts**

Activities: Politics and Social Work. Loyola is contemporary in the true sense, in that, the curriculum is not rigid nor traditional. There is an atmosphere of comradeship.

**Kevin Mott, Arts**

Member, Loyola Student Court. Loyola must remain a small and personal institution. The dangers of a large university in respect to educational values are obvious; people count.

**K.Z. Muharuma, Arts, Economics**

**M.K. Muharuma, Arts, Political Science**

**James Muretich, Arts**

Vice-President, Theological Students' Association. Despite certain administrative deficiencies, it really is a good school.

**Barbara Nathan Marcus, Arts**

President, Loyola Evening Students' Association '70; Sociology Students' Association Executive '71-'74.

**Gloria (Lucia) Neri, Arts, French**

If I had to repeat CEGEP and university again, I would still choose Loyola, although almost fifteen miles from the campus. I really enjoyed my five years here.

**Ngam K. Nwachukwu, Arts, Communication Arts**

Body building; Karate; Tennis (lawn). Loyola is very good and impressive, especially in my department. The merger is a giant step that should prove capable of producing useful results.

**Gregory Olorunfemi, Arts, Economics, Political Science**

**John Bernard Palmer, Arts**

Campus Center Security; Student Security; T.K.E.; Intramural Hockey; Philosophy Students' Association. My last year here went very, very quickly. I only wish that there was some way that I could start over again. One hope that I have, is that the merger will not destroy the community that is Loyola.

**Linda Perron, Arts**

Vice-President History Students' Association '73-'75. Loyola has an unique atmosphere. I hope the merger will not change this, for it would be a great loss.

**Angela Maria Piacek, Arts, Psychology**

**Roger K. Plourde, Arts**

Psychology Students' Association; Intramural Broomball. Here today...gone tomorrow...it was nice.

**Harry J. Polka, Arts, Communication Arts**

Now the hard part begins!

**Oksana Popowych, Arts, Sociology**

Secretary of the Loyola Ukrainian Association '72-'74; President, Ukrainian National Youth Federation '72-'73; Secretary, Ukrainian Canadian Students' Union '71-'72. "Education has for its object the formation of character which freely translated, means the seduction or terrorization of the young into the value systems of the old". Alvin Tofler.

**Wilfred Rambarran, Arts**

Within Loyola, there is an unique atmosphere with no form of prejudice, this makes it ideal for studying. Loyola is destined to be the institution of the future.

**Colleen Ann Raven, Arts**

Carnival Committee Co-Chairwoman '73

**Janet E. Reid, Arts**

Psychology Students' Association, Vice-President '73-'75

**Robert Rivard, Arts**

Captain, Loyola Tennis Team '74-'75; Third place Loyola Tennis Tournament 1974. As far as the merger is concerned my feelings are not unique. The area to be concerned with is that of insuring that Loyola does not become the West End branch of S.G.W.U., with all the concrete blandness associated with that university.

**Antoinette Rizotti, Arts**

"He that increaseth knowledge increaseth sorrow"

**Margaret Elaine Riley, Arts, Sociology**

**Patricia Roy, Arts**

Activities: Figure Skating Club

**John Ryan, Arts, Fine Arts**

Member, Scholarship and Guidance Committee '74; Fine Arts Departmental Committee '74; Member, Theta Sigma Fraternity '72-'75. There is something that is always constant at Loyola, both in times of turmoil and accomplishment. You can make it bigger, smaller or change the name, but you'll always wind up with that unique "Life" that is found only in one place. I'll miss it.

**Linda Maria Luiga Sabolo, Arts, Psychology**

**Randall Samuel, Arts**

Pleasant campus; Medium-sized classes -- conducive to student - teacher rapport. P.S. Where's the library?

**Joseph (Joey) Sardano, Arts**

CEGEP English Committee '70-'72; Manager, Women's Varsity Hockey '72-'74; Intramural Hockey and Broomball. These years are said to be the best years of our lives. My five years at Loyola have been great. I have met many people and have done many things that I feel would not have been as meaningful as Loyola has made them. I'll miss it all.

**Daniel LaFlamme, Commerce**

Loyola's advantage is its flexible system which enables the student to steer himself as he pleases, therefore hopefully getting a well rounded education.

**Ronald Russell Lagacé, Commerce, Business Administration**

Junior Varsity Hockey Team '70; Intramural Hockey and Football '71-'75. I feel that Loyola's small size accounted for its friendliness and spirit. I can only hope that the school never reaches such vast proportions that it loses its unique atmosphere and academic efficiency.

Loyola's merger with Sir George will no doubt take away much of the individuality that this student has enjoyed over the past year.

**Christos Politsidis, Commerce**

**Amirali Kassamali Rahim, Commerce, Accountancy and Business Administration**

In my view Loyola is a very good institution for undergraduate studies. The standard of education is comparable to that of other universities and it has a good campus too. However the administration should do something about the inadequacies of the library.

Happiness, because I was fortunate to experience and be a part of the unique academic and social atmosphere here; sadness, upon the realization that the individual paths of my colleagues may not cross again; and hope that each one of us may enjoy all the future joys and happiness which life has to offer.

Sometimes it was felt that our heads were being knocked against a glass and concrete wall. As time goes on, I'm sure that all parties concerned will eventually reach a detente situation and Concordia will break out of its growing pains and become a prosperous, widely recognized, reputable university.

about a  
better way  
to handle  
your money.**

When you put money in the bank, it's for your own good reasons. Which means that you want a savings plan that's tailored to your own needs and wants. And that's why we offer different accounts and investment certificates, each with its own interests, and each with its own unique features.

True Chequing Accounts. Regular and True Savings Accounts. Savings Certificates and Monthly Income Deposit Receipts. Term Deposit Receipts. And Certificates of Deposit.

If you want to get the most for your money, let's discuss the individual features of each. Let's get together. And let's talk.

# Now... more than ever the RCMP offers a rewarding career

If you've ever considered a career in law enforcement, now's the time to talk to the Royal Canadian Mounted Police. The opportunities have never been greater.

For instance, the RCMP is accepting applications from both men and women, married and single. And the salary scale has increased considerably. It starts at \$10,794. per year (\$207 weekly) with regular increases to \$14,150 (\$272 weekly) in the first four years.

If accepted as a member of the Force, you'll receive intensive training in all aspects of police work such as law, investigation, first aid and community relations. Then you'll be posted to a detachment where there's every chance to put your knowledge and talents to work; to earn promotion and, equally important, be proud of what you're doing for yourself and for Canada as a member of one of the finest police forces in the world.

So if you're a Canadian citizen 18 or over and in good physical condition, think about a career with the RCMP.

Call or write your nearest office or use the coupon. We'd like to tell you more.

NOTE:

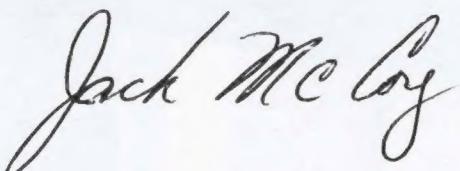

The '74 - 75 yearbook would had to have been forfeited if not for the aid of a few that helped greatly.

Most of the reward for this production should go to photographers John Supple for general photography, Paul Hrasko for sports photos and to Abe Sosnowicz also for photos, John Chaput and others from the Loyola News, who gave not only pictures but also their time. Thanks go also to Mark Challot for his photo essay on "Pizza Delivery".

I would also like to thank the people who contributed their ideas and worked on layouts and did the necessary typing. Without their help the yearbook would not exist. Thanks to Peggy Vajo, Maureen Berry, Clare Scullion and Nick Tim-schenko.

We hope that you will all appreciate the time and effort these few expended to make this book available to you.

Sincerely,

Jack McCoy,  
Editor.
